### INGHAM COUNTY DRAIN COMMISSIONER PATRICK LINDEMANN ANNOUNCES STORM SEWER CONSTRUCTION AND CLOSURE OF THE INTERSECTION OF EIFERT ROAD AND NICHOLS ROAD IN AURELIUS TOWNSHIP AND DELHI CHARTER TOWNSHIP

Ingham County Drain Commissioner Patrick Lindemann announces the storm sewer construction through the intersection of Eifert Road and Nichols Road in Aurelius Township and Delhi Charter Township. The new storm sewer will relieve longstanding flooding problems within the Aurelius and Delhi Consolidated Drain.

**Barring any unforeseen delays and weather permitting, the intersection will be closed beginning Wednesday, July 31, 2019.** Construction is anticipated to take two days.

**The intersection will be closed to all traffic.** North and South bound traffic will be detoured to Aurelius Road via Wilcox Road on the North and Columbia Road on the south. East and West bound traffic will be detoured to Columbia Road via Aurelius Road on the East and Onondaga Road on the West (**See attached map**). Residents whose homes are within the construction zone will continue to have access to their homes during construction but will not be able to pass through the intersection. Access to Ironwood Links Golf Course will be from North Eifert Road during this closure.

Spicer Group, Inc., of Lansing, performed the engineering and design work on the project and will also be overseeing the construction. Jackson Dirtworks, Inc. of Lake Odessa, Michigan has been selected as the project contractor.

For further information, please contact Charles Smith at Spicer Group at (586) 383-8244 or Angie Cosman, Ingham County Project Coordinator at (517) 719-5431.
